

## ERRATA

### **The Influence of Medial Comminution in the Treatment Choice of Radial Head Fracture**

November 2020; Volume 14 Issue 3: page 126, paragraph 4

doi: <https://doi.org/10.5704/MOJ.2011.019>

We would like to inform that there is a mistake in the Results section (page 126, paragraph 4) of the article with the above title that was published in the November 2020 issue of Malaysian Orthopaedic Journal. The correct version of the paragraph should be as follows:

Group B consisted of 23 patients. Thirteen patients were included in Group B1: two were Mason type II, six were Mason type III, and five were Mason type IV. Five patients received a prosthesis, in two Mason type IV and three Mason type III patients. Eight patients underwent an osteosynthesis. One to three screws were used in six patients: two were Mason type II, one was Mason type III, and three were Mason type IV. Locking compression plates were used in two patients with Mason type III fractures. Ten of these patients were placed in Group B2 and all received a prosthesis; seven of them were Mason type III, and three were Mason type IV.

### **Tophaceous Gout simulating infected Ankle Implants**

November 2016; Volume 10 Issue 3: page 58 author names

doi: <https://doi.org/10.5704/MOJ.1611.015>

We would like to inform that there is a mistake in the title page (page 58, author names) of the article with the above title that was published in the November 2020 issue of Malaysian Orthopaedic Journal. The correct author names should be as follows:

**Ktistakis I, MD, Pountos I, FRCS, Tellisi N, FRCS**
